

The Wind and the Sun

The Wind and the Sun were arguing who was stronger. They saw a man walking down the road. The Sun said: "Whoever can cause that man to take off his coat will be the strongest." The Wind began to blow as hard as it could. But the harder he blew the more the man held onto his coat. The Wind gave up. Then the Sun came out and shone on the man, who soon found it too hot to walk with his coat on.
